### WAR CALLS COME FIRST

Long Distance telephone lines are crowded these days with a heavy burden of war callscalls of the Army, the Navy, and war production. These war calls are urgent. We know you want them to have a clear right of way. Ordinarily we'd meet such a rush of calls by building new lines, instance, new switchboards. But that's impossibly core. The copper and other metals required file new lines and switchboards are going incorporations. That's why we're asking your corporation to speed the calls of war.

HERE'S HOW

## SOME LONG DISTANCE RATES

NIGHT AND SUNDAY RATES APPLY FROM 6 P.M. TO 4:30 A.M. AND ALL DAY SUNDAY
RATES ARE FOR 3 MINUTES (On Station-to-Station Calls of 25 cents or Less, 5 Minutes)

# At Your Service

Your telephone account is handled by a young lady in our business office, called a Service Representative, whose job is to make sure your telephone service is satisfactory at all times. Whether you're moving your telephone to a new location, or have a question about your bill, or about wartime telephone service, she'll be glad to help you. If you're moving or discontinuing service, please let us know as far as possible in advance. Just call or dial 9981, and you'll be connected with your Service Representative.

If you prefer to transact business in person, we shall be glad to see you at the Business Office. Office hours are 8:00 A.M. to 5:00 P.M.—Monday through Saturday. (For location of your business office, see page 1.)

# USE THIS DIRECTORY FIRST

Many calls to "Information" are unnecessary since they are for numbers which are listed in the directory. This is a serious waste of telephone time and telephone facilities. Every operator and all telephone facilities are needed to handle today's huge volume of war calls.

So please don't ask our Information operators to look up numbers unless you are sure they are not listed in this directory.

### TELEGRAMS BY TELEPHONE

You may telephone telegrams, cablegrams, or radiograms to the Western Union Telegraph Company.

By arrangement with the Western Union Telegraph Company, the charges for telegraph messages sent by telephone will appear on your monthly telephone bill. On messages telephoned from public cain box telephones, you will be requested to deposit the telegraph charges in the cain box.

# YOUR TELEPHONE NUMBER

Occasionally, in the past, it has been necessary to change the telephone numbers of some of our subscribers. It may, likewise, be necessary to change some numbers in the future.

We're sorry we can't say to you, "We'll never have to change your telephone number." As a matter of fact, we don't like to change them and won't do it unless it is absolutely necessary.

# FOR YOUR PROTECTION

Naturally, our customers want to take every precaution to prevent unauthorized persons from entering their homes or places of business.

For your protection, telephone employees who visit the public, carry identification cards with their names and photographs which they will gladly show you. If you have the slightest doubt about anyone who calls "from the Telephone Company," ask to see his credentials.

# WAR LIMITS TELEPHONE SERVICE

With metals and other materials as well as manufacturing facilities completely diverted to war purposes, restrictions on telephone service and equipment are in effect.

After more than three years of war, telephone facility reserves have been largely depleted, in spite of most conservative use. Delays in the installation of new service are generally inescapable as new installations can now be made only as equipment becomes available through disconnection of existing services and our first concern

More of Means Less of This . . .

must of necessity be to supply the needs of the armed forces, war industries and persons whose need for telephone service is essential to the war effort, public health, welfare, or security. That we have been able to avoid more severe restrictions is a tribute to our customers who have cheerfully cooperated in getting along with a minimum of service and equipment.

If you are planning to move we suggest that you check with us well in advance on the service we will be able to provide.

# **How to Use Your Telephone**

# THREE SIMPLE RULES FOR DIAL CALLS (Gary Only):

1 Look in the directory if you're not sure of the number.

2 Hold the receiver to your ear (it Cain telephone, then deposit coin). You should hear the dial tone—a steady humming sound. This is your signal to start dialing. Listen for it before dialing.

3 Dial the four or five figures of the number as it appears in the directory. Pull the dial all the way around until your finger strikes the metal finger stop, then remove your finger and let the dial return by itself.

# IF YOU NEED

Dial "0" (Operator) if you need assistance. But remember, it is faster

to dial yourself.

If for any reason you cannot see the dial, feel for, the opening just below the finger stop. Pull the dial all the way around, release it, and the operator will answer.

### TO CALL ANOTHER PARTY ON YOUR LINE (DIAL SUBSCRIBERS-Gary Only)

To call another party on your line, it is necessary to dial a special code instead of the number listed in the telephone directory. In case you wish to know who else is on your line, this information may be secured by dialing 114, "Repair Service."

If you wish to call another party on

1 If you are a two-party subscriber, dial the code 1191. If your number begins with the figure 4, dial the code 11912.

2 If you are a four-party subscriber and do not know the code of the desired party dial 114. "Repair Service" and give your telephone number of the party desired on your line. You will be given the proper code number to dial, Make a memorandum of it for future use. Hang up your receiver for a few seconds, then remove it, and dial this code numbers.

3 As soon as you have dialed this code, hang up the receiver. Your telephone bell and that of the called party will then ring. When the other party answers, your bell will stop ringing. Then take your receiver off the hook and proceed with the conversation. If, however, your bell does not stop ringing after a reasonable period, you will know that the other party does not answer. Remove the receiver for a few seconds in order to stop the ringing. Then replace the receiver.

### "PARTY LINE COURTESY" PAYS

Because telephone equipment is scarce and military needs must be met first, more and more civilians may be using party-line service during the war.

And the best party-line service for all depends on courteous, co-operative

use of the line.

If you're a party line user, you can do your part. Listen a moment to make sure the line is clear before you call try not to interrupt your neighbor's conversation. Hang up quietly if the line is in use.

Keep your conversations as short as

Be considerate of others, and they'll return the courtesy!

THREE SIMPLE RULES FOR NON-DIAL CALLS:

1 Look in the directory if you're not sure of the number. If you do not find the number ask for "Information."

2 Listen for operator's "Number, please?"

3 Give number to operator, Always speak distinctly in an ordinary tone of voice with lips about one-half inch from mouthpines.

# LINE'S BUSY—THEY DON'T

Within a few seconds after you finish dialing or giving your number to the operator you will hear:

The ringing signal—an interrupted "burring" sound, It, after a reasonable time, your party doesn't answer, hang up. When using a coin telephone, your coin will be returned.

The busy signal—a "buzz-buzz" sound. If you hear this signal, hang up before making another call. When using a coin telephone, your coin will

be returned.

### YOUR OPERATORS EXPLAIN OUT-OF-TOWN CALLS

### CALLS TO NEARBY PLACES

"I'm your regular operator, and I can connect you with many of the nearby places. (See page 5.)
"If you don't know the number,

"If you don't know the number, please refer to the directory first. If you don't find it, ask for 'Information' or from a Dial telephone, dial 113.

"If the initial rate for your stationto-station call is 25 cents or less, five

minutes is allowed without an over-time charge. If the initial rate is 30 cents or more, an overtime period starts after three minutes.

"During these war times, please try to keep your con-

### "LONG DISTANCE"

"I'm your Long Distance operator, and your regular operator will connect you with me. From a Dial telephone, dial 110.

"My lines are usually over-crowded with war calls and we can't get copper for more lines. So please don't make unnecessary Long Distance calls. If you must use Long Distance,

call before 9:30 A.M. if you can. Please save 7 to 10 P.M. for the service men.

"Please give me the number of the called party if you know it; it will help save time and equipment."

### STATION-TO-STATION

When you want the operator to do nothing more than ring a telephone number, place your call "station-to-station. Charges begin when anyone answers at the called telephone or private switchboard. Station-to-station rates are lower than person-to-person rates.

For faster service, you are urged to place these long distance calls by telephone number whenever possible.

### COLLECT CALLS

If you wish to place a Collect call, the Long Distance operator will ask the person you are calling if he will pay the charges. No additional charge is made, except on Station-to-Station calls where the initial rate is 20 cents or less.

If the party you want refuses to pay for the call, a Report Charge will be made on calls between points within the State of Illinois unless you decide to pay for the call yourself.

### PERSON-TO-PERSON

Make a "Person" call when you want a particular person, or a particular telephone or department reached through a private switchboard. Rates are higher than "Station" rates, but charges don't begin until the person or department you want answers.

If you call from one point to another in Illinois, a Report Charge is made if the person you want cannot be reached and you ask the operator to cancel the call.

### WHAT'S THE CHARGE?

In these days when we are striving to keep our Long Distance lines open and our operators free for important war calls, we are urging our customers to avoid asking the operator to quote the time or charge on a Long Distance call.

### REDUCED RATES

Between 6 P.M. and 4:30 A.M., and all day Sunday, reduced rates are in effect. They apply to "Station" calls if the initial period rate is more than 35 cents, and to "Person" calls if the rate is more than 50 cents.

### OVERSEAS, SHIP-TO-SHORE

You may talk to certain foreign countries in wartime, with the censor listening, of course. Call Long Distance or dial 110 and place your call in the usual way.

Certain ships in harbor waters, and on the Great Lakes and inland rivers may be reached by telephone. Simply ask for the Long Distance operator (or from a diol telephone, dial 110) and place your call in the usual way.

# PLEASE CHECK THIS LIST BEFORE MAKING CALLS TO NEARBY PLACES

Before making calls to nearby places, please check this list so that you will not call Long Distance unless your call is regularly handled by the Long Distance operator. Long Distance places are marked with an asterisk (\*). To all places not marked with an asterisk, please place your call through your regular operator. By doing this, you will be freeing our Long Distance operators to handle the mounting volume of war calls.

Rates shown are station-to-station rates for the initial talking period. This period is five minutes, with the exception of station-to-station calls of 30c or more—where the initial talking period is three minutes.

United States government tax not included in the rates shown below
